

SUPERCHEM 290D

*Full-Synthetic High Temp. Chain Lube
(Ffor Electrophoretic Coating)*

SUPERCHEM 290D is special designed for electrophoretic coating. Free of organ polysiloxane, 290D could deal with waterborne electrophoretic coating. It is a idea choice for automobiles, electrophoretic coating plants.

Features

- ***Color: Almost Clear***
- ***Desity (KG/L): 1.090***
- ***Viscosity (ISO): 320***
- ***Flash Point (°C): 305***
- ***Pin & Vee Block Failure Load. Max. Torque (PB, KG): 107***
- ***Suggest Max.Temp. (°C): 220***
