

AIGI 18

Graphite with cotton carrier packing

AIGI 18 is a flexible graphite with thin cotton carrier yarn packing, which retains the graphite packing itself with the advantages of good self-lubrication, thermal conductivity and low coefficient of friction.

Property

Value

Color

Black

Temperature

450°C (850°F)

PH Range

0 ~ 14

Speed

20m/s (4000 Ft/min)

Pressure (pump)

30kgf/cm² (435 PSI)

Pressure (valve)

200kgf/cm² (2900 PSI)

** Lab results for individual production lots tested; some variability will occur.*

Application

It is widely used in pumps and valves.
