

# **AIGI 26W**

## *General Service PTFE Valve Packing*

***AIGI 26W is 100% pure non-hardening PTFE fiber braid with an additional coating of pure PTFE dispersion for better sealability. AIGI 26W is a universal valve packing for chemical and low pressure steam applications. It is a highly effect, long term sealing solution for manually operated valves and its low friction properties make it particularly suitable for air operated control valves.***

<b>Property</b>	<b>Value</b>
<b>Color</b>	<b>White</b>
<b>Temperature</b>	<b>260°C (500°F)</b>
<b>PH Range</b>	<b>0 ~ 14</b>
<b>Speed</b>	<b>10m/s (2000 Ft/min)</b>
<b>Pressure</b>	<b>40kgf/cm<sup>2</sup> (580 PSI)</b>
<b>Reciprocating Pressure</b>	<b>100kgf/cm<sup>2</sup> (1450 PSI)</b>

*\* Lab results for individual production lots tested; some variability will occur.*

### **Application**

**General service valve packing for steam, water and chemicals**
