

# **AIGI 98**

## *High Temperature/High Speed Pump and Valve Packing*

***AIGI 98 is an interbraid Packing using high quality carbon fiber reinforced flexible graphite tape. The extreme temperature resistance, self-lubricated capability and high heat dissipation make AIGI 98 an excellent choice for high temperature and high speed equipment. The tremendous sealability and strength of the reinforced flexible graphite also make it an excellent choice for valves in chemical and petrochemical plants and refineries as well as power plants.***

### **Property**

### **Value**

**Color**

**Black**

**Temperature**

**650°C (1200°F)**

**PH Range**

**0 ~ 14**

**Speed**

**20m/s (4000 Ft/min)**

**Reciprocating Pressure**

**200kgf/cm<sup>2</sup> (2900 PSI)**

*\* Lab results for individual production lots tested; some variability will occur.*

### **Application**

***Pumps and valves in power plants, chemical and petrochemical plants and refineries***
